I heard this proverb somewhere and then I receive a lot of inspiration to do something insane. So, for me this proverb is so truly. When you want to reach any goal, you must strive to it and make efforts to achieve it. It means that if you have a dream, you have to do some actions to make your dream come true.

I have my personal opinion about this proverb. It doesn't matter you have a little path to your success or a huge highway. If you hardly want to reach a goal, you will do it. Also, if you believe in yourself and in your abilities, you will achieve your goals. Undeal can make you weak and upset but enough courage can help you.

I have one situation in my experience that illustrate my reasons. One boy told me that I am not able to win a competition. I was intimidated by him. One day I understood that I really want to receive the first place. So, I win. This boy was so angry.

In conclusion, I want to say that do go do if your Will is strong.

~~"Where there is a will there is a way"~~ This proverb

"where there is a will there is a way." I

128 seem this proverb the only will in our life.

I believe that person who strives to achieve his goal can deal with any ordeal. Although, it is important to have a great courage and not to give up after the first fall.

To support my opinion I want to talk <sup>lex</sup> about sport. There are any <sup>or</sup> sportsmen

who achieved great results without overcoming difficulties and taking efforts. It is always

difficult to train every day, to forget <sup>or</sup> about friends and family sometimes and

to find motivation each day. Also, it is

100 difficult to try your best on <sup>or</sup> competitions and to go on when you do not win.

Sport is not for everybody and it is necessary <sup>lex</sup> to be really courageous to do it.

131 In conclusion I would say that

the proverb "where there is a will there is a way" can be a motivation

for people. It reminds that there are no

things in the world that people can not do and there are no problems in the world that people can not deal with if they really want.

Tim felt angry as he got off the train. This means that he should walk to school on foot. This was Tim's thought that this is awful because his school was quite far out of train station. He ~~decid~~ decided to call his father, maybe he can drive him to school? He called his father. Father was like 'I can't drive you to school because I'm on job. Call mother, maybe she can.' There is no way! Tim thought. But this is his last chance. He called his mother. She said: 'I can drive you to school, okay. ~~But you should be more~~ I'll come in ten minutes.' This was good. ~~that mother can drive him to school and he can don't walk on foot.~~

The endless desert

Tim felt angry as he got off the train. Despite the fact that he was a traveler who ~~was~~ loved traveling around the world and he never knew where is the next place which he will visit. He was upset with him ending up in a desert. Tim looked around the train station which was silent with no other people around. He decided to check if there was a town near by. Hot sand felt like he was walking <sup>on</sup> a hot iron floor, even through his boots he can feel it. The desert looks like a ocean of sand and there is no one near... Or he thought so. A heavy hand laid on his shoulder from behind. He got scared and... Woke up.

All people have <sup>lex</sup> wills. Different <sup>lex</sup> wills. And everyone often thinks: „Oh, If only I had something” or „If only I did something. But this are only <sup>Gr</sup> dreams. There's <sup>Gr</sup> the English proverb, „Where ~~is~~ there is a Will there is a way”. ~~It means that if you really want something you will find a way to get it.~~ I think that means that. If <sup>Gr</sup> persontrully wants something he will <sup>Gr</sup> kind a way to get it. Person should be

~~Firstly, I'd like to say~~

very interested in something to get courage and do some effort&s to kind a way.

Firstly, Let's remember <sup>Sp</sup> Doyle's <sup>Gr</sup> sir <sup>Sp</sup> Arthur <sup>Gr</sup> Konan <sup>Sp</sup> Doyel's <sup>Gr</sup> stories about the world's <sup>Gr</sup> most famous detective Sherlock Holmes. When the <sup>Gr</sup> costomer <sup>Gr</sup> come to <sup>Gr</sup> detective, Holmes, before <sup>Gr</sup> saying <sup>Gr</sup> will he investigate the crime or either not, asks about the crime, because <sup>Gr</sup> if the story isn't interesting enough he won't get any strive to solve it. Sherlock only took cases that <sup>Gr</sup> are complicated or quiet mysterias because his mind <sup>Gr</sup> started <sup>Gr</sup> work <sup>Gr</sup> quicker.

Secondly, I think if <sup>Gr</sup> person has a real will to kind a way he starts to work <sup>Gr</sup> more harder. He <sup>lex</sup> contains to give more efforts to get his aim. Talking about my experience, Last year I <sup>Gr</sup> used to pass my first school exams. At the beginning of the school year I thought that

those exams are very hard. Also teachers were intimidating us. They were talking about those exams like impossible orders that we

er want ever pass. Actually, I used to prepare the whole year. I've done a lot of exercises, learned a lot of material. ~~At the beginning~~

~~last year I had put down that I will to pass my exams excellent. And with good preparation I got it.~~ I was working very hard and actually claimed my aim.

to sum up, if you have a will, your mind will work better and you'll have more strength to get your aim.
